

Saturday 6 June:

Montrose Rotary Sponsored walk round Clachnaben

This event has been postponed until later in the year.

### ***Coming Events***

**Sunday 13 June:**

SERC Clatt Various distances up to 66km

Again this event requires 3 operators – one lucky person at Clatt tearoom for the start/finish.

One check point located near a road and one that will require a 4x4 for access.

URGENT – we still require at least one more for this event and two would be better as I will be in ARI on the Friday before hopefully only for the day but I may not escape until the Sunday. So please volunteer now.

**Sunday 27 June:**

SERC Fetteresso

This event also requires 3 operators with 4x4 preferred for the 2 check point operators.

**Saturday 3 July:**

STAG Scottish Championships – Huntly

This is orienteering on horseback. The course is secret so we won't know the check points until the day - a true test of our capability.

I have been asked if we can supply comms for this so I want to know your availability asap so that I can say what we can offer. Ideally we would like 6 operators but even 3 would be appreciated by the organisers.

With this being the day before the Half Marathon, I appreciate that some folks won't want to be out two days running. The half marathon, being a regular commitment, must be our first priority but I would like to be able to offer our services to this event as well.

**Sunday 4 July:**

The 25<sup>th</sup> Stonehaven Half Marathon

Same course and timings as previous years and still needing 3 more volunteers.

**Sunday 15 August:**

SERC Drumtochty

**PLEASE VOLUNTEER EARLY FOR THESE EVENTS**

***AND Finally –***

Please send me your date of birth (I already have them for those who joined via COTAG)
